## Accommodation

There are three choices for accommodation

Camping at the site next to the club £14.00 per small tent per night. £16.50 for large tent. No booking required this time of year. All usual facilities.

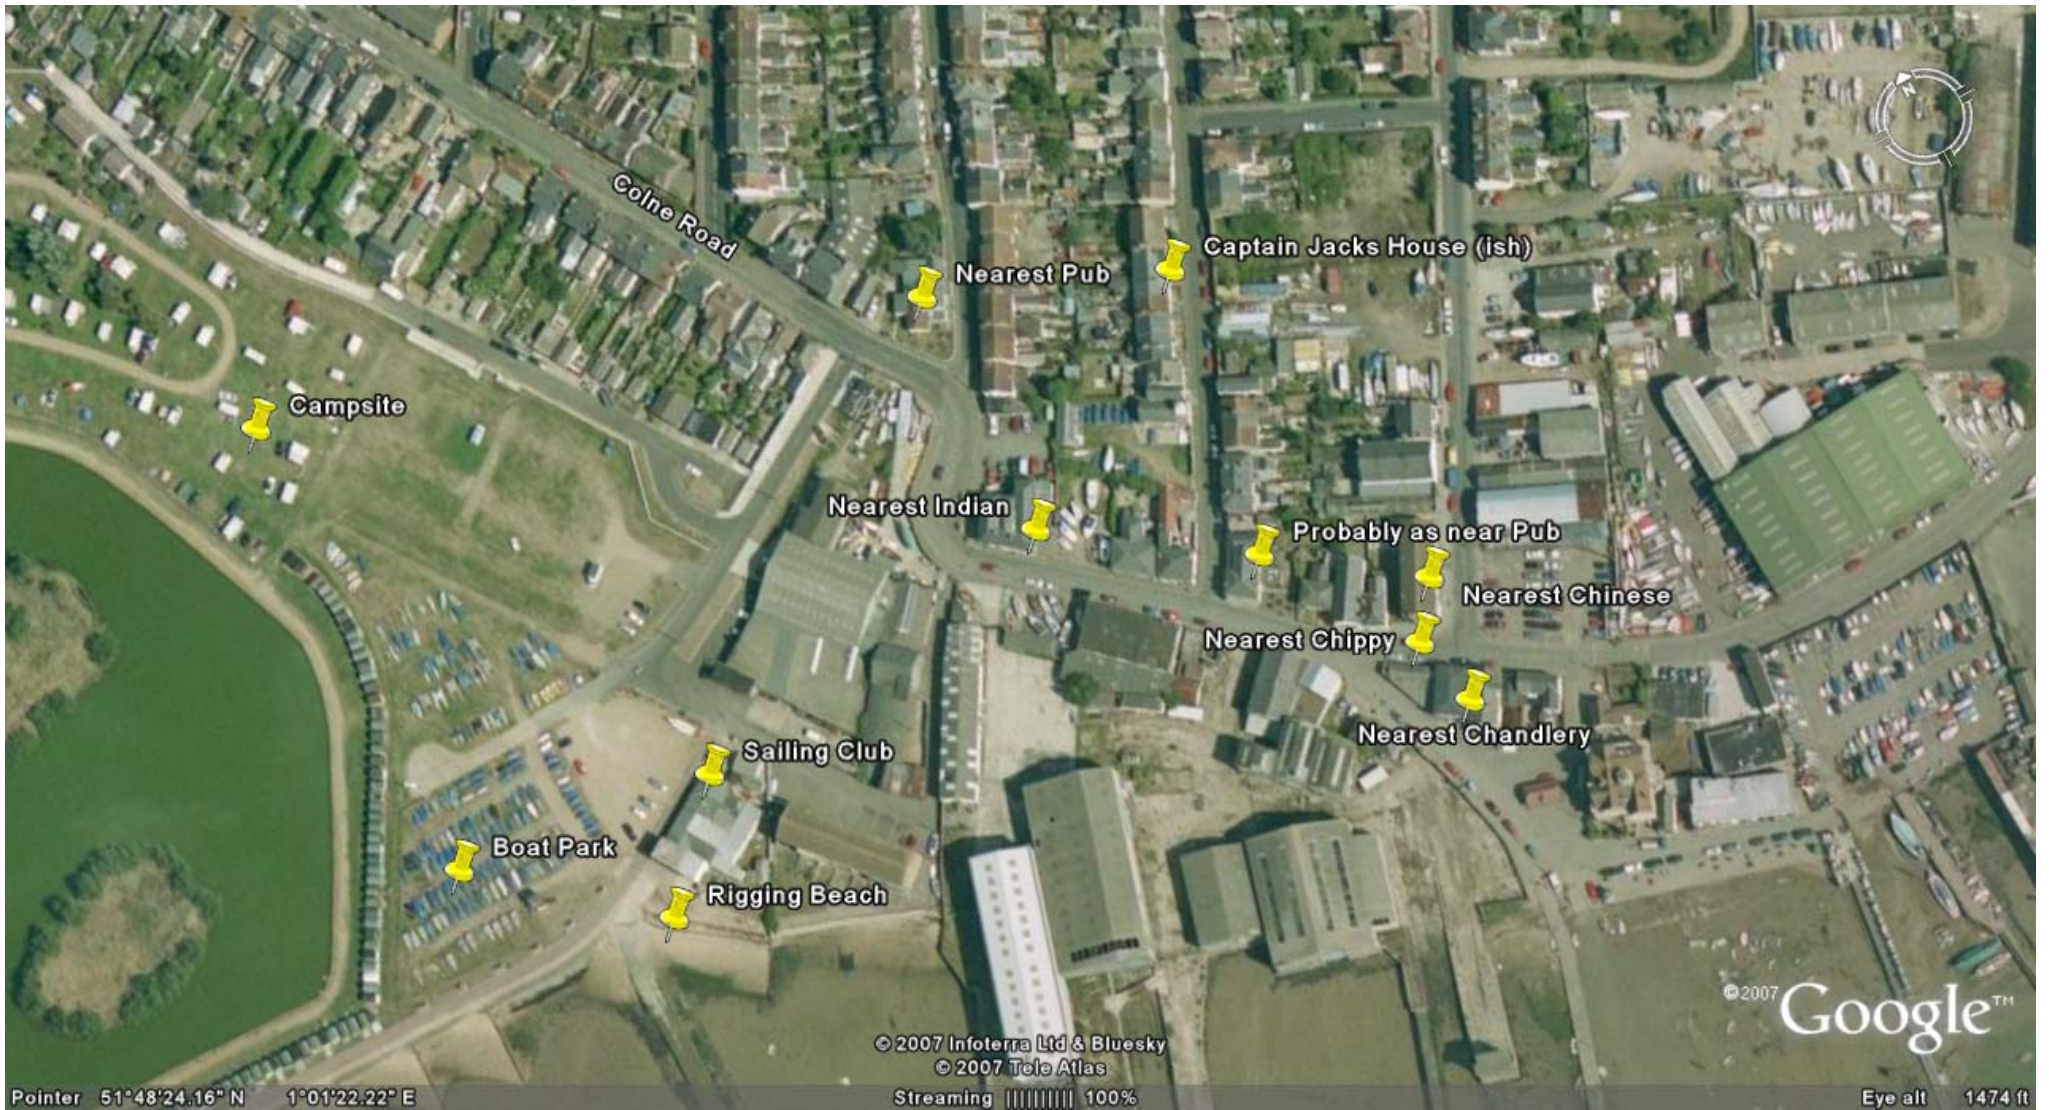

Captain Jack's is a holiday home owned by the Camden Society. The house has four bedrooms and can accommodate up to eight people but for comfort we recommend parties of six or less. Other rooms include a kitchen, living room, sitting room, downstairs toilet, bathroom, and a converted garage which is used as a laundry and games room. 106 Sydney Street, Brightlingsea, Colchester CO7 0BD I have booked 4 beds at £12 each as I did not know who wanted accommodation but if more people take up the beds I don't suppose they would be any the wiser if you all brought sleeping bags and did not use their linen.

Hotel Car park is also available for those with suitable vehicles
